

2023 School Improvement Plan Summary

Murray Bridge High School

Goals	Targets	Challenge of Practice	Success Criteria
Improve every student's ability to communicate their learning	<p>2022: 90% of Year 7 and 8 students achieve a Grade Point Average (GPA) of 7 or greater 50% of Year 7 students will achieve the NMS in NAPLAN 7 Writing 40% of Year 9 students will achieve the NMS in NAPLAN 9 Writing</p> <p>2023: 90% of Year 8 and 9 students achieve a GPA of 8 or greater All 2022 Year 7 and 8 higher bands students maintain a GPA of 11 or greater 45% of Year 9 students will achieve the NMS in NAPLAN 9 Writing</p> <p>2024: 90% of Year 9 and 10 students achieve a GPA of 8 or greater All 2022 Year 7 and 8 higher bands students maintain a GPA of 11 or greater 50% of Year 9 students will achieve the NMS NAPLAN 9 Writing</p>	If each teacher consistently uses the teaching and learning cycle to explicitly teach the structures, language features and vocabulary of subject specific focus genres we will improve every student's ability to communicate their learning.	<p>Students create quality, cohesive texts with increasing use of subject specific vocabulary and formal language conventions suitable for purpose and audience.</p> <p>Students participate in structured and meaningful dialogue with teachers and peers that prompts thinking and questioning, and allows students to build and demonstrate their knowledge</p> <p>Students are clear on which genre type they are creating, the purpose and the specific features of that genre type.</p>
Improve middle years student achievement in literacy	<p>2022: 30% of Year 7 and 8 students just below the SEA in 2021 (PAT-R) will achieve the SEA 90% of Year 8 and 9 students in higher band in 2021 (PAT-R) retained 65% of Year 7 students will achieve the SEA in NAPLAN 7 Reading 60% of Year 9 students will achieve the SEA in NAPLAN 9 Reading</p> <p>2023: 60% of Year 8 and 9 students just below the SEA in 2021 (PAT-R) will achieve the SEA 90% of Year 8 and 9 students in higher band in 2021 (PAT-R) retained 65% of Year 9 students will achieve the SEA in NAPLAN 9 Reading</p> <p>2024: 90% of Year 9 and 10 students just below the SEA in 2021 (PAT-R) will achieve the SEA 90% of Year 9 and 10 students in higher band in 2021 (PAT-R) retained 70% of Year 9 students will achieve the SEA in NAPLAN 9 Reading</p>	If we explicitly teach decoding and comprehension strategies and essential language features as part of the middle years literacy program, then we will improve middle years student achievement in literacy.	<p>Year 7 students below the SEA will progress in finding the main idea</p> <p>Year 7 students below the SEA will progress in recognising cause and effect</p> <p>Year 7 students in higher bands will progress in finding the main idea and identifying the author's purpose</p> <p>Year 7 students in higher bands will progress in recognising cause and effect and interpreting figurative language</p> <p>Year 8 students below the SEA will progress in finding word meaning in context</p> <p>Year 8 students below the SEA will progress in recalling facts and details</p> <p>Year 8 students in higher bands will progress in finding word meaning in context, drawing conclusions and making inferences</p> <p>Year 8 students in higher bands will progress in recalling facts and details and summarising</p>
Improve middle years student achievement in numeracy	<p>2022: 30% of Year 7 and 8 students just below the SEA in 2021 (PAT-M) will achieve the SEA 90% of Year 7 and 8 students in higher band in 2021 (PAT-M) retained 55% of Year 7 students will achieve the SEA in NAPLAN 7 Numeracy 60% of Year 9 students will achieve the SEA in NAPLAN 9 Numeracy</p> <p>2023: 60% of Year 8 and 9 students just below the SEA in 2021 (PAT-M) will achieve the SEA 90% of Year 8 and 9 students in higher band in 2021 (PAT-M) retained 60% of Year 9 students will achieve the SEA in NAPLAN 9 Numeracy 90% of Year 9 and 10 students just below the SEA in 2021 (PAT-M) will achieve the SEA 90% of Year 9 and 10 students in higher band in 2021 (PAT-M) retained 65% of Year 9 students will achieve the SEA in NAPLAN 9 Numeracy</p>	If we improve how we sequentially teach number sense with a focus on the big ideas in number we will improve middle years student achievement in numeracy.	<p>Year 7 and 8 students will show understanding of place value and multiplicative thinking & partitioning</p> <p>Year 7 and 8 students will show and explain their thinking using mathematical vocabulary</p> <p>Year 7 and 8 students below SEA will improve their achievement in number and algebra strand in PAT-M</p> <p>Year 7 and 8 students in higher bands will improve their achievement in number and algebra strand in PAT-M</p>
