

Daymap Connect is an extension of the Daymap Learning Management System. It is a Parent Portal and combines communication and student management, by providing parents with access to key school and student information on their child's learning behaviour, progress and performance.

Accessing Daymap Connect

Daymap Connect can be accessed using a login and password per parent (with the option to provide multiple logins). The easy-to-use system allows parents to access details for all their children enrolled in the school, anywhere and anytime.

The Daymap Connect log in screen is shown below. This can be found by using the URL address <https://daymap.mbhs.sa.edu.au/DaymapConnect>

Creating an account will require an email address to be registered with Murray Bridge High School by contacting dl.0785.info@schools.sa.edu.au or calling 08 8531 9500.

Once you have registered your email address with the school you can click **Forgot your password** and you will be redirected to a password reset page. You will need to enter your email address that is registered at the school and you will require the student code which can be located on your child's ID card that they have been provided. Alternatively, you may contact the school for your child's ID number. Once details have been entered, click on **Reset Password**. A username and password will be sent instantly to your email account.

If you are still having difficulties, please contact IT on dl.0785.ictadmin@schools.sa.edu.au and a password reset will be provided to the registered email address.

Enter the email address you have registered with the school along with a matching valid student code. A link to set your password will be emailed to you.
