

Welcome to Daymap Connect!

Daymap Connect harnesses the power of the Daymap Learning Management System to bring communication in the school community full circle.

By using Daymap Connect, parents gain their own identities in Daymap to assist you in staying informed about school matters and individual student progress. It is accessible from any computer that has Internet Access.

Our easy-to-use system allows parents to create and manage their own accounts for Daymap Connect, requiring only one login and password per parents to access details for all students enrolled in the school. From your Parent Portal page, you'll be able to view attendance details, see homework requirements and access school messages and notices. If your school uses Daymap for assessments, you will also be able to see assessment information and results.

Here are the details to access your Daymap Connect Parent Portal
